WARRANTY INFORMATION

All items that are sold by Mac Tools® have been assigned a warranty code. This code identifies not only how we will handle the warranty to you, our Distributor, but also how the warranty is to be handled for the Customer. The warranty codes provide a concise way to fairly and quickly service the Customer. The warranty code for each SKU can be found within this price list, on MBA, or by contacting Mac Tools® Customer Service. You may also refer to the Warranty, Returns & Repairs Processing Guideline booklet for additional information

WARRANTY CODE RESTRICTIONS

The following table illustrates the allowable warranty codes per MRA Type:

MRA Type	Allowable Warranty Code
New	All
Broken	RL, R1, R2, R3, DL, D1, D2, D3, C0
New Defective	M1, M2, M3, MA, V1, V2, V3, VA

New – Any item can be returned to Mac Tools® as a New Return as long as the product is in new, re-saleable condition. As a rule of thumb, do not return a product as new if you would not accept it from Mac Tools® as new.

Broken – Only R (Replace Product), D (Distributor Repair) and C (Component) can be returned to Mac Tools® on a broken return. Items of type M (Mac Tools® Repair/Replace) and N (no warranty) cannot be returned as broken.

New Defective – Only M (Mac Tools® Repair/Replace) and V (Vendor Repair/Replace) can be returned to Mac Tools® on a new defective return. All other broken items should be returned through a broken return as noted above.
